

Brookline, Feb 4, 1865,

25-

my dear Mr. Garrison -

I have had the Liberator
sent to me, free, for several
years; on the principle, I presume,
that I needed it. So long as
I was in a state of poverty,
I consented to have a
free gospel preached to me.

But, as I have made up my
mind, at length, that Slavery
is an Evil, and ought to
be abolished, I suppose

that I can find no good
reason for taking the
Liberator without paying
for it.

I am truly yours,

Wm. Beecher.
